In the double-header game between the Hondo Aztecs and the Sons of America team of San Antonio on the local diamond last Sunday afternoon, honors were even, the Sons of America taking the first set to a score of 9 to 4; the Aztecs taking the second by a score of 3 to 2.

Mr. Frank Schweers, accompanied by his mother, Mrs. Heyo Schweers, made an auto trip to San Antonio and Lockhart the first of the week. His mother remained in San Antonio as the guest of her daughter, Mrs. Chas. Fuos. Mrs. Schweers and son, Roy, who had been visiting Mrs. H. H. Heyen at Lockhart for a week, returned home with him.

Hondo was a "silent" exemplification of "the deserted village" yesterday. The postoffice and all business places were closed up all day. Even the courthouse was almost deserted. Every one who could get away were gone elsewhere—some to Devine, many to Castroville and not a few to Bandera—where more or less elaborate celebrations were pulled off. Hondo was, therefore, an unusually quiet place—not even a windy politician disturbing the somnolent atmosphere.

As we go to press the Democratic Convention in New York is still in a dead lock. An analysis of the trend of the voting, however, indicates that McAdoo is slowly gaining, Smith is slowly slipping and none of the dark horses are hitting up the track with any indication of striking a winning stride. If this keeps up this way and comes to an end in time for the ballots to be printed, McAdoo will be the nominee, and the only thing reasonably certain will be that Pennsylvania, New York and Medina County will go for Coolidge.

B. L. Robinson says the corn root worm beetles—the little brownish green bugs with twelve nearly black spots on top of their wing covers—are drifting into his corn from somewhere and feeding on the silks and tassels. These beetles will lay their eggs in the ground around the corn stalks and next spring the larva will hatch out and feed on the roots of any corn plants in reach. Mr. Robinson plans to plant his next year's corn as far removed from his present corn land as his farm will permit.

Medina county farmers are still supplying tonnage for the railroads. Twenty-three loads were handed from the local depot the past week, to wit: Outbound 14 carloads of oats and 4 of corn. Inbound, 1 car of well drilling machinery, 2 of oil and 2 of live stock.

Mr. and Mrs. J. G. Newton and Mr. and Mrs. Bill Windrow went to Uvalde for the 4th. On the way out they discovered a valise besides the road. Anxious to do some one a friendly service Mr. Newton picked up the valise. Noticing that it was rather heavy, and a suggestion from Mrs. Newton that maybe it contained booze led to an investigation, which disclosed it to be full of bottles, and it was dropped like it was hot. Now to keep Hondo from being depopulated immediately after this paper is circulated we will state that for all purposes of usefulness the information comes too late. When the party returned in the evening the valise had disappeared.

## KILL THE MOSQUITOES.

There have been reported to the State Board of Health 5330 cases of mosquito bite victims (Dengue and Malaria) for the first five months of 1924. This represents only about 50 per cent of the actual cases that have occurred. With the mosquito season just coming on, and with weather conditions favorable to mosquitoes, we may expect a rather large case rate for the remainder of this year unless each community begins immediately to control the breeding of this disease carrier.

The Isthmus of Panama, for years the despair of humanity, was freed from mosquitoes. Why not free Texas of this menace? Mosquitoes are not migratory, so if you have mosquitoes they were raised in the vicinity of your home. If you have a pool or tank of water, stock it with minnows and they will destroy the wiggly tails; if you haven't the minnows, they will be supplied by the State Board of health upon application. Perhaps mosquitoes are breeding under the house where the ice-box drains, or in water left in tin cans and tubs after a rain. When a mosquito bites you, consider it a danger signal that the enemies of "Health" are abroad and getting in their deadly work; and that the red welt raised by the mosquito is a symbol of the red flag of warfare that you should raise against him. You have heard that "Oil on troubled waters" will relieve discord; know also that "Oil on Stagnant waters" will relieve you of mosquitoes by destroying their breeding places.

Waco, Waxahachie, Hillsboro and sixty other cities are availing themselves of the service of the Sanitary Engineers of the State Board of Health who supervise the draining and oiling of stagnant pools and streams, and make sanitary surveys, giving special attention to mosquito breeding places. Mosquitoes are more dangerous than the Bubonic rat, yet if a rat is discovered in a town beset with Bubonic Plague, a great alarm is sent out; a quarantine is declared; strenuous methods are employed to rid the town of this disease carrier, while the mosquito is treated as an old acquaintance—one of the family—and give no special attention.

WAKE UP! Destroy the Mosquito! Rid Texas of Malaria!

## RESOLUTIONS OF SYMPATHY AND RESPECT.

Whereas God in His allwise Providence has called our dear friend and co-laborer in His Vineyard, Mrs. F. H. Patterson, from our midst and transferred her to the land of Glory where no pain, disease or weakness can ever come and

Whereas Sister Patterson has done such noble work here in the Yancey Community, the Church, Sunday School, Epworth League, and Woman's Mission Society and

Whereas she has through her Christian spirit endeavored herself to every one in the Church and Community;

Therefore, be it resolved by the Yancey Woman's Mission Society:

That our hearts are greatly saddened because of the untimely going away our dear Sister Patterson.

That with bowed heads and grieved hearts we submit to the will of the allwise and loving Father above who doeth all things well.

That we painfully miss her in all departments of our Churchwork.

That her memory shall ever be cherished in loving hearts.

That we thank God that He sent her into our midst to labor with us a while—too short a while as we think.

That we have within our hearts the living hope that some day we shall meet her on that beautiful shore.

That we pray God's most comforting grace upon her bereaved mother, husband and little daughter that they may realize in this dark hour that "underneath are the Everlasting Arms."

### JUDGE BURNEY ANNOUNCES.

In our regular announcement column will be found this week the announcement of Judge G. H. Burney for re-election to the office of District Judge of the 38th Judicial District.

Judge Burney has held this important office for a number of years, during which he has set a record for the dispatch of business in his court that has been the admiration of those tax-payers who feel the burden of public expense. At the same time, his decisions have set a record for standing before the appellate courts that has made him the envy of his fellow members of the bench in Texas.

He asks for your support through the regular channel of our announcement column.

The funeral was conducted by the deceased's brother-in-law, Elder H. S. Ball, assisted by Rev. F. W. Radetzky of Yancey, a large concourse of mourning friends being in attendance. Quite a number from Hondo were in attendance.

Deceaser is survived by a wife and two children who were in Luling at the time of his demise. He is also survived by his aged mother and five brothers and two sisters. They are J. D. and W. H. of Luling, J. E. and J. H. of Yancey and Parker Burgin of Stockdale, Mrs. H. S. Ball of San Antonio and Mrs. Mitt Bandy of Yancey. This paper extends its heartfelt sympathy to those who mourn.

### THREE BIG SALES

Three of Hondo's stores opened their doors on big sales this morning, as will be noted from advertisements appearing elsewhere in this paper. All three of these big advertisements coming together, and one as late as 3 o'clock Thursday afternoon, knocked the bigger three-quarters of the Anvil Herald force out of their Fourth of July holiday, as it was necessary for us to work all day Friday in order to get out before Monday. However, if our work brings our customers a satisfactory volume of trade our pleasure will be as great as if we had been picnicing all day.

And why should it not bring a large volume of trade? They are offering substantial bargains that are worth going miles to secure. Look up their advertisements in this paper and take advantage of the offerings. It will pay you to buy next summer's needs and lay them away until needed.

## DEVINE INDEPENDENT SCHOOL DISTRICT.

Devine is situated in the southeastern part of the County on the I-G. N. R. R. and the Meridian Highway. It is a thriving town in the heart of the Medina Valley Irrigation Lands, and on the edge of the Somerset Oil Fields. The citizenship of Devine has always been known as progressive and enterprising. This is especially true in an educational sense. Devine had its first educational vision in 1897-98 under the leadership of Prof. Davis and his wife. In the fall of '98 Prof. C. C. Harris was added to the educational staff and a new lumber addition, known as the High School Room, was erected. This plant served the children till 1902 when by petition the Devine Independent School District was created and bonds voted to erect a substantial modern brick building. In 1919 by special act of the Legislature the Bear Creek District No. 14 was added to the Devine Independent District. The District comprises approximately forty square miles and has a valuation of \$321,000.00. In 1922-23 the district erected one of the most modern auditoriums to be found in the southwest.

The growth of the Devine High School has been largely due to the exceptional opportunities offered and to the splendid co-operation of the

DEVINE SCHOOL, INDEPENDENT DISTRICT.

patronage and the capable men who have served as members of the Board of Trustees, together with an efficient, wide-awake, enthusiastic, and progressive Parent-Teachers Club.

The building is thoroughly equipped to care for the pupils in the most approved modern way. Every facility for study, recitation, laboratory work, art, and science, etc., is provided. A playground supplied with play-apparatus adequately cares for the athletic and physical needs of the pupils. Every pupil is given individual attention and his shortcomings are noted in the various clinics and proper recommendations for their correction made to the parents.

The curriculum of the school is broad and practical to meet the wide needs of the boys and girls entering into manhood and womanhood. The school has twenty-one units in affiliation. Scores of the graduates of Devine High have finished colleges and universities and now hold responsible positions of trust and honor in State and Nation.

The education of the children in citizenship, morals and reverence is especially emphasized. Inspirational speakers of highest prestige are called upon to address the pupils and the patrons at frequent intervals. Every opportunity in school, on the athletic field, in play and in work is used to teach good citizenship. The "Children's Code of Morals" worked out by the State Department has done much in raising the standard of good citizenship and genuine "sportsmanship" in the school.

The scholastic enrollment of the school is 510. Actual attendance approximately 400, of this number 125 are in the High School section.

The Teachers are:—Supt. A. B. Smith, Miss Annie Duncan, Miss Glenna Emmons, Mr. W. Crofoot, Mr. Clyde Tate, Miss Lucille May, Miss Opal O'Bryant, Mr. Clarence Matthews, Miss Ophelia Waller, Miss Winnie Hays, Miss Mattie Sharp, Miss Allene Flemming, Miss Cala Crutchfield, Miss Zettie Briscoe. The term of school is nine months and the tax rate is \$1.00.

The town of Devine has a population of about 2,000. It boasts of being modern in every particular phase. The mercantile establishments are up-to-date. The bank is strong and handles the financial questions beautifully and systematically in a business like way. The grain elevators deserve special mention. Another industry that has a nation-wide reputation is the onion and plant production of Mr. C. H. Melton. The recently organized Chamber of Commerce promises to do much for the Devine territory and its people.

Devine boasts of having a hospitable people, civic organizations, fraternal orders and churches of all denominations. They extend the glad hand of welcome to the genuine homeseeker, and those who are looking for better opportunities for themselves and their children.

D'HANIS SCHOOL, INDEPENDENT DISTRICT.

### D'HANIS INDEPENDENT DISTRICT.

D'Hanis, receiving its name from Count D'Hanis, a Frenchman, was settled by a few families who came from Alsace-Lorraine, France. They selected as the location of their colony a beautiful place on Parker's Creek, and platted out what is now known as Old D'Hanis. Here they built permanent homes, and erected St. Dominic Church. When the Southern Pacific Railroad was built in 1886, the company decided to locate their station more than a mile from the village. A new town grew up around the station, which is now known as D'Hanis.

The splendid homes and substantial brick business houses show that this has been an excellent trade center. The surrounding territory is valuable as a farming and ranching country. The outgoing carload shipments of farm and ranch products amount to 705 cars annually.

The business enterprises of the town have been established a number of years, have shown substantial growth, and have built up a wide reputation.

The Seco Pressed Brick Co., capitalized at \$40,000.00, was organized in 1910. Its daily capacity is 40,000 and its annual sales amount to over \$35,000. This plant ships its products all over Southwest Texas. The officers are, F. E. Saathoff, President; Joe Ney, Vice-President; Mathias Koch, Secy-Treas; and M. P. Twomey, Business Manager. The D'Hanis Hotel, owned and operated by Mrs. Mina Koch, has been open for 18 years. H. G. Rohrbach has a complete and well equipped harness and saddle shop, supplying the surrounding territory with all leather goods. Rieber Bros., butchers and meat dealers, slaughter about 350 beeves and hogs during the year for local consumption. The Laney Creamery Co. Agency, operated by O. J. Reinhart, ships out about \$80.00 worth of butter fat each month. L. Carle & Co., dealers in general hardware, lumber and building material, do about \$18,000.00 of business annually. Louis Carle, merchant, grain, and cotton buyer, carries about \$15,000.00 stock, and does an annual business of about \$190,000.00. D'Hanis Telephone Exchange, owned and operated by Paul Reinhart, was established in 189— and serves about 100 subscribers. West Drug Company, carries a full line of drugs and sundries, does about \$3,000.00 business annually. The Buckhorn, owned and operated by Pete Koch, Jr., carries a full line of cold drinks, ice creams, candy, cigars and tobaccos, and does about \$5,000.00 business annually. It also has one of the finest collections of mounted steer, buck, and wild boar heads in the Southwest. Elite Barber shop, owned and operated by Ferd Koch, is well equipped for everything in the tonsorial line, also carries a complete line of tailoring goods. D'Hanis State Bank was opened for business in 1916 with a capital stock of \$10,000.00, and up to date has paid the stockholders 61%. The deposits have increased from \$15,000.00 to more than \$95,000.00. The following are the officers and directors: E. Zander, President, Jacob Reilly, Vice-President; J. P. Ephraim, Cashier; John B. Holt and Eric Rothe. Rothe & Koch, General Merchants, do an annual business of about \$150,000.00, was established in 1899. They also buy cotton and country produce. Chas. Boog, machine shop and farm implement dealer, does general repair work and sells several hundred dollars worth of farm implements annually. The Farmers Exchange, was first organized as the Farmers Union Bonded Warehouse in 1914, and was changed to Farmers Exchange in 1920, having a capital stock of \$2,000.00 and a surplus of \$8,000. It handles

farm products of all kinds and does an annual business of \$100,000. The officers are: Jacob Rothe, President; A. E. Nester, Vice-President; and Hy. R. Wernette, Business Manager. The Gulf filling station has just been installed and is operated by their agent, O. J. Reinhart. Rothe & H. C. Mueller, confectioner, carries a complete stock of ice-cream, cold drinks, candies, cigars and tobaccos. Zinsmeyer's Garage, owned and operated by Alf. Zinsmeyer & Sons, carries a complete line of auto supplies and accessories, and has the best equipped repair shop west of San Antonio. D'Hanis Brick and Tile Co., established in 1884, has a daily capacity of 75,000 brick and hollow tile, is capitalized at \$100,000 and does \$100,000 business annually. Louis Carle is President; F. J. Carle, Vice-Pres. and Genl. Mgr.; and R. A. Carle, Secy-Treas.

D'Hanis has two churches, Presbyterian and Catholic. The Holy Cross Church has the largest and best furnished building west of San Antonio. It was erected under the direction of Rev. F. Maas during 1914 at a cost of more than \$60,000.00, the stained windows alone cost more than \$5,000.00. It has a membership of about 400. St. Anthony School was established in 1908, is taught by three Sisters of Divine Providence for the purpose of instructing the children of the Parish, and is valued at \$10,000.00. A Catholic Church is being erected now for the Mexicans. The Herman Sons Lodge has a splendid dance hall and auditorium which was erected in 1914 at a cost of \$6,000.00.

D'Hanis Independent School District was created by Legislative act 1910 through the efforts of Dr. H. S. Roller. A \$10,000.00 two story brick building was erected and now is entirely paid for. The District owns two other buildings and has a beautiful five acre campus used for play and athletic grounds. The building has class rooms, auditorium, and is furnished with the latest equipment. Recently the school board made provisions for the introduction of modern language and commercial subjects. The present set of teachers have been reelected for next year. All the teachers have had college training and hold first or permanent grade teachers' certificates.

The teachers are J. L. Williams, Mrs. J. L. Williams, Mrs. J. P. Ephraim and Miss Carrie Langfeld. Mr and Mrs. Williams are completing their seventh year in this school. The scholastic population of 205 is divided among the public School, St. Anthony and Mexican School. The school is directed by a deeply interested, progressive, yet conservative school board composed of the following: Paul Reinhart, President; L. J. Finger, Secretary; Aug. Brown; Alfred Nester; F. A. Huegele; Hy. Finger and Ben Zerr. Their good management is proved by the fact that they always have cash in the treasury to pay the salary of their teachers and still maintain a well equipped school.

A NOVEL OF THE FOOTHILLS

AUTHOR OF

"THE COW PUNCHER"

"THE HOMESTEADERS"

"NEIGHBORS" ETC

COPYRIGHT BY ROBERT STEAD

A story of thrill and charm, dealing with a present-day section of the Canadian West that still retains a number of frontier characteristics. It brings us into intimate acquaintance with a typical, attractive daughter of the region. The principal male character is very unusual to western fiction—an easterner who brought some startling, but none the less interesting, ideas into a new country.

The story is strong and absorbing, and its people are living and endearing; a tale that will appeal straight to men and women today.

### CALOMEL IS A DANGEROUS DRUG.

Next Dose may Salivate You, Loosen Teeth or Start Rheumatism.

Calomel is mercury; quicksilver. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take Calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

### NOTICE TO STOCKMEN.

If you expect prompt service when shipping cattle to Native Yards or otherwise, or trucking and driving out of this County, please notify me two or three days ahead, as all local inspectors are very busy now and I am called away a great deal of my time.

### IN MEMORIAM.

JOHN THOMAS FITZSIMON.

The death of Dr. J. T. FitzSimon in his home in Castroville on the 28th inst. has already become generally known through the newspapers and otherwise. It is quite appropriate, however, that the passing of a personality so outstanding, though quiet, should have an extended account.

He was a native of Dublin, Ireland, born June 24, 1862, and so had passed his sixty-second birthday only a few days. He came to the United States in 1881, and resided in Chicago until about 1887. He graduated in pharmacy at the College of Pharmacy, Chicago. It was in that city that he was united in marriage with Miss Theodora Ockelmann, the faithful sharer of his joys and sorrows, a true help-mate through all the years. About 1887 he removed to San Antonio. In 1891 he received the degree of Doctor of Medicine from Memphis Medical College. In San Antonio he engaged in the practice of Medicine until 1896, when he removed to Castroville, his permanent residence until death.

Twenty-eight years! And what a period of arduous, self-denying labor is represented by those years alone, to say nothing of those that went before, for he was a worker! During all those earlier years, the country was not what it is now. His individual field included a wide territory in every direction. Can we imagine some features of that work under the conditions then existing—the daily routine, the regular visits, the sudden calls, the dangerous emergencies the oft necessity for quick decision, instant action, the long journeys by day or by night, through sunshine or rain or storm or heat intense, or bitter cold? Ah, the life of the sympathetic physician is almost epochal. And his was truly a sympathetic heart; veiled or unveiled, the warm, tender sympathy was always there. This good man was so constituted that he no sooner perceived or heard of suffering than straightway he sought means to relieve it. Whether he "felt like it" or did not "feel like it," he acted. And how many who might read these lines, or hear them, would say—some of them through the mist of grateful tears, "That is true, I know it, we know it." Neither did he question who it was nor the cost; he acted. Yes, he was a worker and he was truly sympathetic.

The ethics of his all but divine profession shone ever before him as a star. He continued true to its finest traditions, its highest ideals.

The career of every good physician is beautiful, but how radiantly beautiful in the sight of angels and of men when that life is obedient to the rule of Christianity, is obedient to the Great Physician! Dr. FitzSimon was a Christian. He was profoundly pious, yet with the sweetest absence of ostentation. He was tolerant. Firm as a rock where principles were concerned, he yet had the kindest toleration for difference of conviction. So also without ostentation were his many benefactions; and they were limited only by his means; that dear heart responded to every need. How like shining celestial jewels those gifts of charity in that day when his Master shall say, "Inasmuch as ye did it unto one of these my brethren, even these least, ye did it unto Me."

Does this seem too laudatory? It is not. Let fiction be fiction, but let biography be like this—the simple truth.

He was of broad and varied cul-

ture. Not only did he keep abreast of the medical literature of the times, but during those years a large part of his intervals of leisure was given to excursions into the realms of general literature. Yet he did not isolate himself. He was a fine conversationalist. He took a real interest in the current affairs of his community and country; was wise in judgment, prudent in counsel; no dreamer, but practical, piercing quickly into the heart of the matter. He was a member of the American Medical Association, The Ancient Order of Hibernians, and the Knights of Columbus, and the Catholic Knights of America. It was on the 17th of August 1923, when in the way of work, for his indomitable will persisted, that he suffered a stroke which was the beginning of the end. Thenceforth all that the loving care of his devoted wife, affectionate children, sympathizing friends, including his fellow physicians—all that could be done was done to preserve and comfort that precious life; but after some semi-occasional recurrences of attacks, the end came.

He had not been content to take to his bed. On that beautiful June morning, after breakfast, as usual, while reclining on his easy chair the end came very suddenly, very easily. "God's fingers touched him gently and he slept."

The funeral took place Tuesday morning, and the very large attendance testified to the loving esteem in which the deceased was held. With Father Heckmann, officiating, the body was borne from the residence to St. Louis Church. The procession was directed by the Catholic Knights of America, Mr. Joe Keller and Mr. Hubert Zuercher leading. The following Catholic Knights of America acted as pall-bearers: Messrs. Lawrence Rihn, Willie Rihn, Joseph Rihn, Frank Keller, Louis Burrell and Louis Mangold. The following Fourth Degree Knights of Columbus acted as an honor guard: Messrs. Ben Newman, Fitzgerald, Navarro, and Heaton. Solmn Requiem High Mass was celebrated by the son of the deceased, Rev. Lawrence FitzSimon, assisted by Rev. E. Park, of San Antonio, Deacon; Rev. F. Beck, of New Braunfels, Sub Deacon; and Rev. Patrick Geehan, Chancellor of the Diocese of San Antonio, as Master of Ceremonies. In the Sanctuary were the following priests: Revs. Dusseau, O. M. L., Garriga, El, Nichols, Coholan, U. S. A., Sullivan, Schneider, Guennegnes, O. M. L., De Anta, O. M. L., Marsollier, Robling, and brothers from the Oblate Scholasticate. There were also present sisters of Divine Providence and Sisters of the Incarnate Word.

Rev. Arthur Dusseau Pastor of St. Mary's Church, San Antonio, delivered a most excellent sermon from the text "I have fought a good fight, I have finished my course, I have kept the faith," in the course of which eloquent and pathetic references were made to the life and character of the deceased.

At the cemetery, the assembled priests and brothers chanted the Benedictus, "Blessed be the God of Israel," etc. The seventy-fifth verse of this sublime passage reads, "In holiness and justice before Him all our days." How appropriate those words to the life-aim of him who had just passed to his reward!

Besides his widow, there survive his sons: Louis, Rev. Lawrence, Thomas, Bernard, James, John and Anthony; his daughters: Miss Mary, Mrs. R. L. FitzSimon, and Miss Patricia; and five grandchildren.

O bereaved ones, be comforted. When in the days and the years to come, when the grey days shall come, and the lonely hours, in this changeable, trying life, and before your tear-swept eyes shall rise the noble image of that husband, father friend, and you cry out.

"Oh for the touch of a vanished hand,

And the Sound of a voice that is still,"

May the Angel of Consolation whisper, "He doeth all things well."
